**MEMORANDUM FOR: Project Review Committee**

**SUBJECT: Project for Housing and Expansion of Operations**

25X1A7b

25X1A7b

The subject project is transmitted for the consideration of the Committee at the earliest practicable meeting. Housing is becoming increasingly difficult to find and the present housing arrangements are tenuously held.

Deputy Director (Intelligence)

Chief, FE Division

Acting Director of Logistics

\*I am advised that two adjacent apartments may be available for purchase at approximately \$45,000. They would provide minimum accommodation for the one married and two bachelor officers of the station. While I am reluctant to see any substantial sum of money invested in real estate, there is no alternative if operations are to be continued. I, therefore, recommend approval of this purchase with the understanding that the method of procurement involving the least outlay of money shall be employed and the housing shall be the least expensive suitable accommodations available.
